Dean Bass, Spirit of Texas Bancshares' Chairman and Chief Executive Officer, stated, “We are pleased to report solid second quarter results that represented improved profitability and continued organic growth. We are also pleased to have recently announced the acquisition of Comanche National Bank, our eighth acquisition in Texas since our founding and our first since becoming a public company in May 2018. Comanche operates eight full-service banking locations in the North Central Texas area and has a proven history of strong earnings and sound asset quality. Comanche is expected to bolster our existing banking capabilities in North Central Texas and expand our footprint into the deposit-rich counties of Comanche, Jack, Palo Pinto and Parker, located west of the Dallas/Fort Worth metroplex. The transaction is expected to close in the fourth quarter of 2018, subject to the satisfaction of customary closing conditions, including regulatory approvals and the approval of Comanche's and Spirit's shareholders.”

Loan Portfolio and Composition

During the quarter, the loan portfolio, gross of the allowance for loan losses, grew to \$917.5 million as of June 30, 2018, an increase of 4% from \$882.1 million as of March 31, 2018 and 6% from \$869.1 million as of December 31, 2017. Loan growth during the second quarter of 2018 was distributed among our commercial and industrial and real estate portfolios. The Company believes it is well-positioned for diversified loan growth based on our strategic presence in the Houston and Dallas/Fort Worth metropolitan areas, including the recently-announced acquisition of Comanche National Bank in North Central, all of which are expected to continue to benefit from favorable economic conditions.

Asset Quality

The provision for loan losses recorded for the second quarter of 2018 was \$635 thousand. The provision for loan losses served to increase the allowance to \$6.0 million, or 0.66% of the \$917.5 million in loans outstanding. The nonperforming loans to loans held for investment ratio as of June 30, 2018 was 0.44%.

Deposits and Borrowings

Deposits totaled \$844.7 million as of June 30, 2018, an increase of 0.4% from \$841.0 million as of March 31, 2018 and 1% from \$835.4 million as of December 31, 2017. Demand deposits increased by \$5.2 million, or 3%, from March 31, 2018 and \$6.9 million, or 4%, from December 31, 2017. Demand deposits represent 22% of total deposits as of June 30, 2018, compared to 21% as of both March 31, 2018 and December 31, 2017. The average cost of deposits was 92 basis points for the second quarter of 2018, representing a 12 basis point increase from the second quarter of 2017 and a 7 basis point increase from the first quarter of 2018.

Net Interest Margin and Net Interest Income

The net interest margin for the second quarter of 2018 was 4.52%, an increase of 41 basis points from the second quarter of 2017 and 11 basis points from the first quarter of 2018. The tax equivalent net interest margin for the second quarter of 2018 was 4.57%, an increase of 36 basis points from the second quarter of 2017 and 11 basis points from the first quarter of 2018. The increase from the second quarter of 2017 and the first quarter of 2018 was due primarily to the impact of an increase in interest rates by the Federal Open Market Committee during 2017 and 2018 as well as an increase of average interest-earning assets.

Net interest income totaled \$11.1 million in the second quarter of 2018, an increase of 15.5% from \$9.6 million in the second quarter of 2017. Interest income totaled \$13.5 million in the second quarter of 2018, an increase of 16.1% from \$11.6 million in the second quarter of 2017. Interest and fees on loans increased by \$1.9 million, or 16.5%, from the second quarter of 2017 due to growth in the loan portfolio and the impact of an increase in interest rates by the Federal Open Market Committee during 2017 and 2018. Interest expense was \$2.4 million for the second quarter of 2018, an increase of 18.6% from \$2.0 million in the second quarter of 2017. The increase from the second quarter of 2017 was primarily due to an increase in the rate paid on interest-bearing liabilities of 20 basis points.

Noninterest Income and Noninterest Expense

Noninterest income totaled \$2.3 million in the second quarter of 2018 when compared to \$3.6 million in the second quarter of 2017. The primary components of noninterest income in the quarter were gain on sales of loans, net and SBA loan servicing fees of \$1.0 million and \$548 thousand, respectively.

Noninterest expense totaled \$9.4 million in the second quarter of 2018, a decrease of 1.2% from \$9.5 million in the second quarter of 2017.

(1) Tax Equivalent Net Interest Margin, Adjusted Efficiency Ratio, Tangible Book Value Per Share, and Tangible Equity to Tangible Assets Ratio are all non-GAAP measures. Please see a reconciliation to the nearest respective GAAP measures at the end of this news release.

(2) Presented on an annualized basis.
